NUMBER 23

HOBBY SHOW SET FOR APRIL 19TH

Saturday, April 19, has been set as the date for the Hamlin Imitation Model Airplane and Hobby Show.

The Music Club of Hamlin, The Literary Club, the Chamber of Commerce, and the Junior Athletic Club of the Hamlin Elementary school are combining their efforts to make the show one of the outstanding events of the season.

All boys and girls wishing to participate in any event will be required to register.

Registration will be from four to six o'clock in the afternoons of April 16th, 17th, and 18th at the Chamber of Commerce office located back of the Inzer Drug Store.

All entrants of the Craftsman type of model planes and of Hobbies will leave their exhibits at the Chamber of Commerce office. Entrants of pets, bicycle, and parade units meet at 1 P. M., April 19, in the street north of the High school building. The parade will be at 1:30. Following the parade, the following show will be presented in the football stadium:

Fifty minute football game. Hamlin High Rag Knobs vs the Grade school.

Talent Show.
Tumbling Acts for both Boys and Girls.

Demonstration of Model Airplanes.

Events and prizes are as follows:
Parade unit, \$5.00.
Hobbies, \$2.00.
Craftsmanship Model Planes, \$2.
Talent Contest. See the Herald issue of two weeks ago, \$5.00.
Bicycle Decoration, \$2.00.
Rubber Powered Planes, \$3.00.
Gas Motor Planes, \$7.00.

City Election Drew One New Alderman

Did you know there was an election in Hamlin last Tuesday? There was an open season for votes that day. 82 ballots were cast.

There were two aldermen to be chosen, and there were four on the ticket, so at least two had to be counted out.

At the end of the "furious voting", it was found that

R. Y. Barrow 60
B. B. Colwell 47
Elmer C. Feagan 40
W. L. Cash 15

This means that Barrow retains his place on the Council and is joined by a new man, B. B. Colwell.

Next year a mayor and three aldermen will be up for election.

Only about 80 votes out of possibly 500 is not enough. But as has been said before, the fewer votes cast maybe the more it shows that the public is well pleased with things.

Mrs. T. A. Young of Dallas spent last week here with her sister, Mrs. Leland Scifres and husband.

Anson Will Hear Jones Co. Singers

The annual Jones County Singing Convention, is to be held in Anson, at the High school auditorium, this Saturday night and Sunday, April 5 and 6th. Henry Shipp, Hamlin, is president of the convention. Fred Bennett, Stamford, is vice-president and Lester Baize, Tuxedo, is secretary.

This is the 48th annual meeting of the convention, and is expected to be one of the largest in its history. One of the high lights of the convention will be the reunion of the older members, some of whom have led songs for over fifty years.

Many out of town quartets have notified the chamber of commerce they are planning to attend. Singers from all points in the State as well as many out of the state are expected.

We are looking forward to seeing our Hamlin friends in Anson during the Convention.—Anson Chamber of Commerce.

SONGS ON RADIO

The Abilene radio station will carry the songs of the convention Saturday night and Sunday afternoon. Many will listen in and hear this old time song feast, who have been constant in attendance for many years. This convention has adapted a plan of rotating in its meetings. Last year it was in Hamlin; this year in Anson, and next year Stamford.

Radio Broadcast: Saturday night 8:30 to 9:00. Sunday afternoon, 2:00 to 3:00.

School Trustee Election Notice

Be it ordered by the board of trustees of Hamlin Independent School District that an election be held at the High school building in said Hamlin Independent School District on the 5th day of April, 1941, for the purpose of electing three School Trustees for said Hamlin Independent School District.

The returns of said election shall be made to the Board of Trustees of said Independent School District in accordance with law.

A copy of this order signed by the president and attested by the secretary of this board shall serve as proper notice of said election, and the president shall cause notice of said election, to be given in accordance with law.

In testimony whereof, witness the signatures of the President and Secretary of said Hamlin Independent School District, hereunto affixed this twenty-fifth day of March, 1941.

Thos. Teague, President
Hamlin Independent School District
Attested:
Dr. Joe W. McCrary, Secretary

Mrs. L. S. Magee who suffered a painful accident two weeks ago when she stepped from a curb, turning her ankle and breaking a bone in her foot, is much improved and now able to be up part of the time.

Miss Della Bryson Died From Gun Shot Thursday Morning

A telephone message from Mr. and Mrs. Forrest Binion at Ysleta, Texas, near El Paso, in the early hours of Thursday morning, told their father, C. E. Bryson that Della Bryson had suffered fatal gun shot wounds and had passed away at 3 A. M. Miss Della Bryson was a teacher in the Socorro public school near El Paso. Ysleta where Mr. and Mrs. Binion teach, is between El Paso and Socorro.

Only meager information about the tragedy was obtained. Mr. Bryson accompanied the ambulance leaving about 5:00 A. M. The distance is so great it will likely be some time Friday before the body will arrive in Hamlin. Funeral arrangements could not be announced Thursday, and in all probability it will be either Saturday or Sunday before the services will be held. The place of burial can not be known till Mr. Bryson returns.

This tragic death is the first in the Bryson family and especially in Hamlin, a host of people feel sympathy for them in this great loss.

Della Bryson was a charming young woman, talented, competent teacher.

The Herald will give full details of the accident and a sketch of her life next week.

Perry Sparks Keeps Adding New Auto Equipment To Shop

One of the near neighbors of the Herald is Perry Sparks, who operates a combination place of auto business, and from indications over that way, Perry has discovered another "Gadget" and this time it is called "Bear Alignment Service." Don't ask us what the "Bear" means. It is a kind of auto-diagnostic—something like what you get when you go to a general clinic and a bunch of doctors find out whether or not your heart, lungs, bones, muscles, eyes and "everything" are in "alignment" and what for you to do if something is working a bit wobbly. Now do you know what we are trying to tell you when we say "Bear" machine? It is a complicated gadget that indicates how your automobile acts under in and all conditions.

Perry gives all this "car diagnosis" free of charge. Only place he comes in is what kind of treatment or medicine the car needs to get its "system" in running order.

It is a bit hard to describe a thing that we do not know much about, only we know it has a lot of delicate measurements, guides and standards that check up on the alignment of the car, similar to some modern medical instrument on the body. If your car acts crazy-like, similar to the way you walk and feel when your body is billious, better let Perry's "Bear" check up on it.

This machine is not anything new in the automotive world, only it is seldom found in the smaller towns. But according to our way of looking at things, small towns need modern equipment as well as larger places. What makes large towns "large" is the fact that small towns do not try to have desirable things but let the larger places furnish them . . . that's what keeps small places "small".

People go where "service" can be had. If shops of all kinds, in small towns, whether it be automotive, printing, dental, health clinic, plumbing, or whatever it is, have as good service as money can buy, then the small town has a chance to hold its own citizens, their trade and their approval.

What you don't know about the "Bear Alignment Service," ask the mechanics at Perry's Auto Supply.

Vaughan Holt, private in Co. A, 142 Inf. at Camp Bowie, came up Saturday for a several days' furlough. Vaughan has about completely recovered from a bad spell of pneumonia and will remain here to recuperate before going back into training.

Mr. and Mrs. Walter L. Cash visited in San Angelo and Christoval Sunday.

Hamlin Boy Becomes Aviation Lieutenant

Last week, Leo E. Fielder, son of Mr. and Mrs. L. E. Fielder, who reside east of Hamlin, was at home on a week's furlough from the big Air School at San Antonio. Leo Fielder is now 2nd Lieutenant in the air service.

Lt. Fielder began his training in a Primary School in Tulsa, Okla., for 10 weeks and then was enrolled at Randolph Field and was graduated to the rank of Commissioned Officer. He was in a large class and all of the members are now assigned to advance flying service in various parts of the United States possessions. Leo left with a classmate Lieutenant Sunday from Lubbock for his new station at McCord Field, Washington state. He is assigned to a Bombardment Squadron.

Leo looks trim and fit as a fiddle. His language is typically "aeronautical". He has had 211 hours of flying and by now he says flying is done with little thought of what must be done to make the plane perform. It is somewhat like walking . . . one does not have to think when he must turn or keep upright . . . just fly along and enjoy the feel of a mechanical thing that acts with human emotions.

Lt. Fielder has never jumped from a plane yet, but he says he would not mind it a bit if it was necessary, or even for show. The facts are that Fielder is a typical soldier, who bends to each and every detail of discipline, so if it called for a jump down he would go. He says no one has ever been known to fail to pull the rip-cord . . . only some have jumped when they were too low.

Up in the McCord station, Fielder will learn all about how to do the job by bombing with high explosives. But there is a lot of flying yet for him before he would be a good risk in an air battle. In fact, there is a difference in handling the big bombers and the smaller, swifter fighter planes. The small fighters "run interference" for the big bomber boys.

Fielder has all the stuff in him to do anything anybody else can do with a plane when he gets a lot more experience.

Former Hamlin Woman Died In Corpus Christi

Below is a news clipping from the Corpus Christi Caller of March 26, telling of the death of Mrs. Mary A. Criswell who formerly resided in Hamlin. Her two sons Owen and Louie of Hamlin attended the funeral:

MRS. MARY A. CRISWELL
Funeral services for Mrs. Mary A. Criswell, 71, who died at 1:15 o'clock, March 25 at the home of her daughter, Mrs. L. V. Norrod, at 1403 Fifteenth St., will be held at 3 o'clock this afternoon at the Maxwell P. Dunne Funeral Home Chapel.

The Rev. Harold S. Goodenough, pastor of the South Bluff Methodist Church, will officiate. Burial will be in Rose Hill Cemetery.

Pallbearers will be A. W. Albrecht of Platonis, Clifton Spear, Gerald Crow, Garland Camp, E. A. Cardwell and Other Bohman.

She is survived by four daughters, Mrs. Norrod and Mrs. Ed Lomas, both of Corpus Christi, Mrs. Lucille Bragg of Dallas and Mrs. J. R. Moore of Casper, Wyo.; four sons, Robert and Joel Criswell of Throckmorton, Texas, and Owen and Louie Criswell of Hamlin; one sister, Mrs. Maxwell P. Dunne of Corpus Christi and one brother, P. A. Nikel of La Grange, and 13 grandchildren.

Mrs. J. P. Morgan returned home Saturday from Dallas where she had visited her first granddaughter, little Miss Geraldine Morgan, daughter of Mr. and Mrs. Denman Morgan. As Mrs. Morgan came home she was accompanied by her son and family who, on Sunday afternoon, went on to Lubbock where Denman will make his western headquarters for his insurance company. The grandmother continued on to Lubbock with the granddaughter to see that she is safely located in their new place.

Mrs. Jack Nolan, a teacher in the Anson schools, spent Sunday in Hamlin as a guest of Mr. and Mrs. Hubert Morton.

Bids Asked On 13 Fisher Co. Tenant Purchase Units

INVITATION TO BID

Sealed bids will be received at the office of the Rural Supervisor, U. S. Department of Agriculture, Farm Security Administration, Fisher Co., Roby, Texas, at 2 P. M. Monday, April 14, 1941, and then publicly opened and read, for the furnishing of all labor and materials and performing all work to complete the construction of, 13 houses, 13 barns, 13 poultry houses, 12 garage combinations, 4 brooder houses and 12 pit toilets, located in various communities in Fisher County, Texas.

Plans, specifications and form of construction contract are not available by mail, but may be used free of expense at either the headquarters of the Rural Supervisor, Farm Security Administration, Roby, Texas, or the District Engineer, U. S. Department of Agriculture, Farm Security Administration, Parry at Commerce, Dallas, Texas.

Bidders are advised that should a contract be awarded it will be with the individual owners and that funds are now on deposit in a local bank for immediate payment upon acceptance of the work. Payments will be made at the completion of any one of the 13 farmstead units.

Attention is drawn to the mandatory minimum wage rates as follows:

Unskilled labor, 25c.
Carpenters, 50c.
Painters, 50c.
Plasterers, 50c.
Brick Masons, 75c.
Plumbers, 62 1-2c.
Electricians, 62 1-2c.
Roofers, 50c.
Sheet Metal Workers, 50c.
Truck Drivers, 30c.

Except in emergencies the maximum hours of work will be eight (8) hours per day and forty (40) hours per week.

The right is reserved, as the interest of the owners may require, to award the work in one or more contracts, or reject all bids. Contractors are also permitted to offer bids on all the proposed work or any portion thereof they may desire.

Envelopes containing bids must be sealed and addressed to Mr. Horace D. Gilmore, Rural Supervisor, U. S. Department of Agriculture,

Elementary School Presents Pupils From Fine Arts Departments

A Spring Festival of the works of American composers and authors will be presented by the Fine Arts Departments of the Elementary School on April 4th at 8:00 o'clock at the High School auditorium.

The scenes are intended to portray our typical American way of life and to more fully recognize the efforts of artists in this country.

The word typical is well chosen, for as the scene progresses, all phases of our history are reproduced either through music, singing, or speaking. You will catch glimpses of the stalwart Indian, the melodious Negro, the retiring Colonial, and the irrepressible Modern.

This program is presented thru the combined efforts of pupils from the Piano Studios, Choral Club, Band, Rhythm Band, and the Speech classes, with the assistance of the Elementary teachers.

You are cordially invited to attend this performance and see the progress that your school is making in cultural activities.

Mr. and Mrs. D. A. Tims came this week from San Angelo to again make Hamlin their home, and are now located in the Magee apartment on Central Avenue. Mr. and Mrs. Tims have many friends here who welcome their return to our city. Mr. Tims, an engineer on the Santa Fe, will relieve A. A. Hackley, who is retiring to look after other business.

Mr. and Mrs. M. T. York and daughter, Betty Lou, were called to Lufkin Wednesday, because of the serious condition of Mr. York's sister, Mrs. George Watts, who had just undergone a major operation.

The Herald anywhere, 1 yr. \$1.00.

Farm Security Administration, Roby Texas, and marked "Bid on Thirteen Fisher County Tenant Purchase Units."

BOOK REVIEW

"THE NAZARENE"

It is quite proper for a newspaper to call attention to the cultural things of its community, and in this connection the Herald gives special attention to a book review at the Methodist Church last Sunday afternoon.

The book, "The Nazarene" by Sholem Ash, and the reviewer, Mrs. C. E. Ball, under the sponsorship of the Wesleyan Service Guild, in conjunction with suitable musical numbers, proved to be a program of the rarest kind.

Mrs. Ball is a new citizen to Hamlin; the wife of Santa Fe Agent Ball. She majored in Speech Art and because of her experience and speech talent, she held the audience Sunday afternoon spell-bound for nearly two hours. Her exposition of the book, and we may say, wonderful book, was considered by everyone as more than excellent. Mrs. Ball is forceful and pleasing, direct and sincere to the extent that one almost re-lives the scenes she portrays. Doubtless she will be called upon in other circles for book reviews and similar fields of speech art.

—T & T—

BEAUTY AND CLEANLINESS

As this is being typed, it is Wednesday, April 2. Up to this hour no-

thing has been heard of a Spring Clean-up. Maybe it has been discussed but no concerted publicity has been given.

If there is anything Ye Scribe loves it is the growth of Nature's green decorations along with spick and span cleanliness. Your home premises may be drab, and plain but if it has proper attention, it will be clean and well set with growing green and flowers, it will have all the richness and grandeur needed to satisfy the human longing. A yard adjoining yards make streets may be rough and worn, but with plenty of work they can be made areas of satisfaction.

So often we hear some one say: "Newspaper Man, pour it on 'em" about this and that. Any newspaper man would much more prefer to have something complimentary to say than to be forever howling about something that is wrong or needed to be done. Naturally a newspaper publisher is looking around for improvements, especially things that can be done without cost to tax payers. But one will say if anything is worth doing it will cost something. Sometimes that is true. But a few dimes from all of us makes a big job easy to accomplish. Look about just a little and see what you would suggest to make Hamlin prettier and a better place to live in.

—T & T—

LET'S SECURE VACANT LAND

Here is a burning need for Hamlin. It is an airport field, and what a fine place for one right in the edge of town. Lands that can be had almost without cost. If we hurry.

—T & T—

NO LIMITS

At last Texas truckers and motorists can operate without limit. The limit is now so high that it can hardly be exceeded. Take your choice, but better watch out or someone will crash into you.

Texas sportsmen each year spend \$25,000,000 for guns, ammunition, fishing equipment, clothing, automobiles, gasoline, food, hotel accommodations, and other goods and services necessary to hunting and fishing trips.

FOUR-LEGGED MOUSETRAP IS RULED OBSOLETE

Charleston, S. C.—The machine age has caught up with the cat.

Rat traps will replace tabbies in shops here. A county health official Saturday banned cats from food-handling establishments as disease carriers and a public health menace.

GEORGIA STRIKE BAN VOTED

Atlanta, March 22 — Georgia's Senate voted 34-1 Saturday for a House-approved bill to make it illegal for labor unions to strike without giving 30 days' notice to employers affected.

Already in the hands of Governor Talmadge is another bill which would make it illegal for unions to demand fees of workmen on public defense projects.

Let's Make April

A "Go To Church"

Month In Hamlin

Representative Ministers of the churches of Hamlin met in their regular Ministerial Alliance meeting Monday night in the Nazarene church. In this meeting, some very definite steps were taken to increase church attendance during the month of April. A "Go To Church" slogan was adopted and it was suggested that an effort be made to enlist every member of every church in regular attendance in Sunday morning and Sunday evening services.

The month of April—the month of Spring and flowers and beauty; the Easter season of new life and new hope. This should be a month of renewed church attendance. The dead, drab things of winter are gone and new life is budding on every hand. During these beautiful spring days, every member of every church in Hamlin should be going to church regularly with joy and with thanksgiving in their hearts.

Remember, every member of every church in every church service Sunday morning and Sunday evening during this wonderful spring month. What new inspiration and new interest this would add to church attendance in Hamlin. Make April "Go To Church" month! Hamlin Ministerial Alliance

CAN WE RESTORE GAME TO TEXAS?

Austin, Texas, April 1—Twenty-four game managers and biologists are conducting or supervising game restoration work in Texas for the state Game, Fish and Oyster Commission upon an area four times the size of the state of Rhode Island, a report of the director of wildlife restoration to the executive secretary of the Commission here discloses.

Scattered from the mountains of West Texas through the big woods of East Texas and from the marshes of Jefferson County to the Panhandle are 250 areas varying from one thousand acres in size to tens of thousands of acres upon which biologists are working to restore to their former number many species of game which make the Lone Star State their home. The total acreage involved in this huge restoration project is 3,100,076, or 4,844 square miles of land. Rhode Island has 1,248 square miles within its boundary.

In many areas work is going forward with species which are protected in the hope that within a few years hunters will again be going afield in pursuit of game which was once abundant. That includes antelope and prairie chicken. On other areas the biologists are working to increase the supply of game which nimrods hunt every year.

Several species of quail, deer, turkeys, prairie chickens, bighorn mountain sheep, squirrels, beaver, raccoon, other fur-bearers and ducks and geese are included in the birds and animals the biologists hope to restore on areas scattered throughout practically all of the counties of Texas.

Quail, deer and turkey are the favorite species of game with most Texas sportsmen and it is upon these species that the Game Department experts are concentrating considerable of their efforts. Of the 250 projects, 158 are on quail (bobwhites and blues) and embrace a total of 589,517 acres. Fifty-six projects are given over to deer,

Hamlin Farmers Co-operative Gin To Hold Annual Meeting Saturday

President D. J. Herbst and Secretary Ed W. Johnson of the Hamlin Farmers Co-operative Gin Society announce a meeting of the membership on Saturday, April 5, at the gin office, for the purpose of electing directors and to discuss other matters that may require attention.

The gin is under the management of Robert S. Johnson, who has successfully carried it through the past four years.

The officers and directors at present are: D. J. Herbst, president; Ed Johnson, secretary; and the other directors are J. G. Whaley, B. H. Gardner, M. W. Jackson, Horace E. Brown, and Roy Bruner. R. S. Johnson, manager, and T. W. Fleniken, bookkeeper.

STILL GINNING

Tuesday afternoon the Farmers Gin was visited and the machinery was running and bales were still tumbling out. Johnny Hines had his truck under the elevator and his bale made the gin's 3,225th bale for the season. Ask Mr. Hines if he was not going to get his cotton out in time to plant a new crop. He said "That depends." You know gathering cotton in the rain is not pleasant nor profitable, however, John-

turkey and antelope management, which total 2,306,936 acres, with almost half of that amount being composed of antelope areas.

Not only does the Game Department carry on its scientific program of game restoration upon areas either leased from the owners for a period of years, during which no hunting is allowed, and upon areas which are worked on a co-operative basis with private land owners, but the Department's experts are co-operating with 22 soil conservation districts and 72 game demonstration areas sponsored by Texas A. & M. College.

Funds for the game restoration work being carried on by the State Game Department are provided by the Pittman-Robertson act which makes money available to states which meet the requirements set up by the act. The state matches Pittman-Robertson funds with one-fourth as much money. No such federal funds are available for fish work because P-R money is derived from a federal tax on arms and ammunition. Prior to enactment of the Pittman-Robertson act the Game Department did not have funds with which to carry on such work.

Game restoration methods being practiced by biologists in Texas are varied. The main objectives are to restore to the land suitable cover for birds and animals to use and to force the land to provide the correct foods for the various species of birds and animals. Encroachment of agriculture and grazing practices upon much of Texas lands has destroyed a great deal of the natural food and habitat of game species.

Trapping of deer, turkey, antelope, raccoon, beaver and other species plays an important part in the painting of the game restoration picture in the Lone Star State. Animals are trapped by the Department upon areas which have an over-supply and are placed in sections where they formerly ranged, but from which they had been shot out.

Actual game restoration work started in Texas less than two years ago and it is hoped it will progress to the point that within another year the total areas upon which work will be carried on will be double the amount today.

Mrs. W. R. West of Cross Plains was here this week visiting her son Fred, and Mrs. J. V. Milsap and other old friends.

Guests in the home of Mr. and Mrs. W. H. Harrison Sunday were their daughter, Miss Lucile Harrison and Mrs. Harrison's sister, Mrs. Luella McCraw, and daughters Billie, and Mrs. Billie Morrison, of Wichita Falls, also Mrs. J. W. Bruton of Abilene.

Mrs. S. W. Duncan and her brother H. A. Graham of Richland Springs, Texas, were here Sunday to visit their brother, W. S. Graham and family.

ny thought he would be done by this week end. All others will likely end up picking this week.

The Hamlin Farmers have been operating this gin since they bought it from the Texas Cotton Growers in 1934. This Saturday will mean much more to the participating membership than any other annual meeting. The gin property, which now has a possible value of about \$35,000 is clear of debt. The latest piece of machinery is a Cotton Dryer which will likely be cleared at this week's meeting. Besides this they have a nice reserve laid up for renewals and expansion, if needed.

Hamlin Farmers Gin is one of several co-operative gins in this county and indications are that they are just now getting to a point where nice sums of rebate can be made to the memberships each year. There are three main points to have in mind in this kind of enterprise: Keep up the best of machinery, meet all operating expenses paid and hand back each year proportionate ginning rebates to the members.

The managers for the Hamlin Farmers Co-operative Gin since 1934 have been Watt Fletcher, A. P. Patterson, and R. S. Johnson.

Miss Emma John Blake
Miss Bernice Whiteley
Mr. Glenn Caffey

REPORTERS: Clara Spratlen, Joyce Hudson, Mary Nell Bell, Marguerite Nobles, Norman Lassiter, Selma Hassen, W. D. Bristow, Phala Davis, Hope Cade, Charlotte Dillingham, Virginia Hampton, John Flores, Craigolene Elmore, R. A. Dean.
TYPISTS: Herbie Faye Johnston, J. C. Bledsoe, Wanda Brown.

INK WE SPLATTER

Early bird gets the girl! How about it, Ralph D.? Or just ask Norman L.

Say, folks! We hear that the Hudson-Hill romance is in tune again. Poor Courtney.

We didn't know Bill H. would rather flirt with the first period librarian than read a book. Inez L. is pretty, though.

Ask B. L. Smith why the lipstick was on his shirt collar.

So Mr. Morton was bad when he was a little boy. He finally admitted in the third period class that he used to steal watermelons. Confessions are good for the soul, they say.

Could it be that a new romance is in bloom? Mary Dena Huling and Dan Stephens are making eyes at each other these days.

Bernice B. was caught day-dreaming all day Tuesday. Could it be that "she's got a worried mind?"

Just ask Maxine P. why she is so lucky, and just what does Delbert Kite have to do with it? We understand, Maxine; stay in there and "pitch."

W. A. Brown "ain't" got nobody. He says all his "pore" relatives got killed in a car wreck. Watch out, W. A.

New girl in town! It seems that all the foot ball boys have suddenly started checking out magazines the fifth period in order to get a look at her.

La Nelle C., must you flirt with Lofton? After all, other girls' hearts would flutter at a smile from him, too.

If you ask me, I think the Hamlin Hi Romeos should take drastic steps right away. In almost every locker can be found a letter from one of Uncle Sam's boys.

If someone tells you that only carrier pigeons can be used in the army, don't believe him, because we have one right here in Hamlin High. Just ask John Henry, Joan, or Mary Nell about it.

We've all been told that we shouldn't look over other people's shoulders and Koleta will agree to this. After all, Milton, some little girls may be reading things they don't want little boys to read.

BENEFITS OF INTERSCHOLASTIC LEAGUE MEET

By Virginia Hampton

We have been hearing for weeks of the activities we won or placed in at the Interscholastic Meet, but we have been so attracted by the glitter that we have failed to realize the gold or the real benefits we received from it.

First, our school was brought into closer contact with the other schools of our county. The representatives of our school met the leading students and the instructors of our neighboring schools. It made us realize that the students of these schools are not just football and basket ball opponents, but that we are potential friends.

The students that participated in these events not only received ribbons and banners but also learned the principles of good sportsmanship and how to put them into practice. Even though some did not win first places, they heard the students who defeated them and were able to contrast to see the cause of their defeat. The criticism from capable judges will enable them to improve in the future.

Interscholastic League activities require much time and outside work from the students, but those who participate are well repaid for all their efforts. Next year every student in Hamlin High School should try to enter at least one of these activities.

JUDGING TEAMS ENTER CONTEST AT STEPHENVILLE

By D. C. Reynolds

The Hamlin High School livestock judging team, the poultry team, and the dairy team, went to Stephenville to participate in the annual contest.

The livestock team includes B. L. Smith, Everett Ellison, Jack Ellison, Alvin Johnson, and D. C. Reynolds. The poultry team includes William Taylor, Durl Ward, Raymond Nichols, Edward Branscum and J. C. Riddle. The dairy team

includes Troy and H. L. Ford, Joe Sam Gray, J. C. Hodnett and Frank Campbell.

Mr. Robert Campbell's students have been very successful in judging during the past, and they are expected to bring honor again to Hamlin High.

ROTARIANS ENTERTAIN LEAGUE WINNERS

Herbie Faye Johnston, Milton Fletcher and Betty Lou York, winners in declamation, were guests of the Rotarians, Wednesday.

The students and faculty are glad that Miss Emma John Blake is able to return to her work.

BOYS' DEBATE TEAM WINS FIRST PLACE

The only first place that was won in the literary events of the Interscholastic League was won by the boys' debate team. The team is composed of D. C. Reynolds, a senior, and Richard Young, a junior.

Reynolds is a transfer from the McCauley district. This is his first year to attend Hamlin high school. He took part in the one-act play tournament and also is a member of the livestock judging team.

Young is a transfer from Swedonia, and this is also his first year in Hamlin High. He was business manager for the Junior play this year, and is making a good record here.

The team deserves a great deal of credit for the work they have done this year.

HILL TO DISTRICT IN TENNIS

Tommy Hill, winner in Senior Boys' tennis singles in Jones county, will represent Hamlin in the district meet Saturday.

During his high school years, Tommy Hill has made an enviable record in this field. In 1938 he was Texas State Tennis Champion, Texas Amateur Athletic Federation Champion, Fort Worth Tennis Champion, and North Texas Agricultural Champion. During that year he also went to State Semi-Finals in Interscholastic League in tennis. In 1940 Tommy was Fort Worth Tennis Champion and Dallas Times-Herald Runner-up.

The past two years he has lettered in foot ball in Hamlin High. Last year he made the all-tournament team in the Baird Invitation Tournament.

With a brilliant athletic record, Hill has a wonderful opportunity to win honors for Hamlin High in Sweetwater Saturday.

FOOT BALL TEAM PROMISES GOOD SEASON

Spring training has started with a fair-sized group of boys, with four lettermen including Captain Bobby Barrow, all-district guard, from last year's champs. Co-Capt. Lofton Brown, guard, R. M. Petty, center, and S. C. Ferguson, the "Lone Ranger" of the backfield. Then with the highly capable reserve lettermen, Turner and Ellison, tackles; Don Coles and Earl Smith, ends. These eight boys form a fair nucleus for a successful team. Squadmen for the first line of defense are Floyd Smith, Ed Branscum, Henry Allen, Jack Townley, Dick Branscum, Lee Hastings. Reserve backs are Dean and Gene Witt, Gary Kelly, Armen Lefevere, Nolan Haines, and Billy Joe Hudson.

Some boys out for the first year look very promising. The Pipers will spend one month of rough and tough workouts. What the future holds for them, only time will tell.

ASSEMBLY PROGRAM

Monday morning Miss Bernice Whiteley had charge of the assembly program.

A reed quartet composed of Virginia Brown, flute; Joyce Hudson, oboe; Jimmy Clements, clarinet; and Hope Cade, bassoon, was the first number on the program. Mr. Tate May announced the Home Town Contest, which is to be held at the West Texas Chamber of Commerce Convention in Mineral Wells on May 16. After a local contest, the winners will go to regional in Abilene, and the winner of

the regional will go to Mineral Wells.

Supt. Bennett stressed the value of this contest and expressed his desire for entries in the contest. Ellis Benham then played a clarinet solo.

The next feature on the program was the presentation of awards for the American Youth Forum Contest. This is the third year our school has participated in the National Youth Forum Contest.

Out of approximately 4,000 entries in the National Contest, each year, two Hamlin students have received honorable mention: Bessie Joiner in 1939 and Jean Young in 1940.

This year there were thirteen students whose papers merit special recognition and will represent Hamlin in the National Contest. They are Harold Fletcher, Clara Spratlen, Hope Cade, Joyce Hudson, Bernice Beard, W. A. Brown, Murle Carlton, Inez Joiner, W. D. Bristow, John Flores, Julia Pitcock, Joe Ball, and Virginia Hampton.

Mrs. J. L. Keen commented on the essays on "What Americanism Means to Me"; and Mrs. Ted Bledsoe who is president of the P. T. A., presented awards to the following: first, Joyce Hudson; second, Joe Ball; honorable mention, Virginia Hampton, Bernice Beard, and Julia Pitcock. The awards for the first two places were a year's subscription to the Reader's Digest.

The judges for the contest were Mrs. Holly Toler, Mrs. Dan Jones, and Mrs. J. L. Keen.

Visitors present for the program were Mrs. M. T. Hudson, Mrs. C. E. Ball, and Mrs. Holly Toler.

DO YOU REMEMBER?

Marguerite Nobles as "Ma" in "The Campbells are Coming?" Then don't fail to see her as a naive high school girl who is in love with a jilted bug in the senior class production "Swing Fever."

Robert Gardner as Bill Dad Tapp who "russled up a skunk" last year! See him as a very modern type of Grandfather in "Swing Fever."

Ethel Bell Neal as the aristocratic snob, Mrs. Campbell? Well, this time she is a movie star from Hollywood with glamour to burn.

Tommy Hill . . . you don't remember him? You will after you see him as the family-pecked young son of the Norris household who gets involved with a dress suit and a movie star.

Don't fail to see "Swing Fever", April 11th, in the high school auditorium.

ELLIS BENHAM WINS HONORS

Ellis Benham, a sophomore, received the beautiful 14 carat gold pin awarded by Mr. Clyde Smith to the band member who succeeded in learning his contest number first.

Ellis is one of the most outstanding students in the band. He is a leader in the clarinet section, thus filling a very responsible and honorable position. Ellis has made several appearances as a soloist on community and assembly programs. It is expected that he will come through the State Contest with flying colors this year.

Ellis has served as student conductor for the band and sectional rehearsals on several occasions and shows unusual ability in this field. He is vice-president of the band organization this year.

Ellis Benham has also demonstrated high scholarship in making the "A" honor roll every six weeks. He was vice-president of his class last year and is president of the sophomore class this year.

JUNIORS FAVOR SENIORS WITH ANNUAL BANQUET

The annual Junior-Senior Banquet was held last Friday night, March 28, at 8:00 at the Methodist church. All assembled in the auditorium where they were received by Milton Fletcher, Selma Hassen, R. A. Dean, Joyce Hudson, Mr. and Mrs. Gordon Bennett, Mr. and Mrs. Hubert Morton, Mr. Clyde Smith, Miss Camille Smyers, Miss Loucille Willis, Glen D. Adkins, Hope Cade and Bobby Barrow.

Milton Fletcher, Junior president, and Selma Hassen led the "Grand March" to the banquet hall downstairs. The Easter motif was carried out in the decoration of the six

tables with purple and yellow, the Easter colors and also senior class colors, predominant. The center pieces were formed by huge baskets of Texas bluebonnets, flanked with yellow tapers and rabbits. Runners of purple Easter grass interspersed with vari-colored eggs finished the decoration of the tables. Easter chicks added to the atmosphere of the banquet hall decorations. On the white place cards were yellow chickens, and favors consisted of tiny Easter egg baskets.

Mr. W. L. Fletcher Jr. led the invocation. The rest of the program was as follows:

Toastmaster, Milton Fletcher. Response, R. A. Dean.

"Open the Gates of the Temple," Mr. Clyde Smith, accompanied by Harold Fletcher.

"The Parade of Life," Mr. G. R. Bennett.

"Summertime," Mr. Glen Caffey. "Sing Song", led by Mr. Clyde Smith.

Benediction, Mr. S. E. Brooks. The Methodist Woman's Missionary Society served the following supper:

Piece de Resistance
Buttered English Peas
Candied Apples Potato Salad
Celery
Buttered Biscuits
Vanilla Ice Cream and Strawberries
Iced Tea

SPRING FOOTBALL STARTS

By Tommy Hill

Football is in the air again. You can't walk down the halls without someone's saying something about spring training. The boys can hardly wait to get their football togs on and start getting rough. For the first weeks, it will be pretty tough for the boys, due to their not being in condition. But then, the second week will probably find them digging up the ground with their noses.

Next year's team should have the most potent line it has ever had. All of the forward wall will be experienced. The backfield will be the weakest spot, but who thought that Hamlin would produce a district winning ball club this year? Coach Smith and Grigg will do wonders with the squad, and next year, we graduates will in all probability, wish we'd played like the team following us.

COUNTY TENNIS RESULTS

Hamlin high was well represented in the county tennis Interscholastic League held at Anson last Monday.

In the senior boys' singles, Tommy Hill won first place by defeating Gene Swenson of Stamford, 6-2, 6-0. Bernice Beard advanced to the finals by defeating Ruth Williams of Stamford 6-2, 6-2; however she met her Waterloo when Mary Nell Westmoreland of Anson defeated her 6-3, 6-4. The senior girls' double team fought a long drawn out bout with their Anson rivals, before succumbing to a 6-4, 8-6, 6-8 shellacking. In junior boys' singles, Budd Buzbie of Anson defeated Billy Raymond Armstrong in straight sets. The junior boys' doubles were defeated by the Stamford duo by scores of 6-2, 6-3. Hamlin was proud of its team, and will be gunning for more titles next year.

PIPERS GO SNOOPING

Really, Bryan, Saturdays aren't bad at all. All you need to do is start coming in before 4 o'clock in the morning.

Your Snooper has first hand information on the senior play, . . . "Swing Fever". I'll guarantee that if Alex doesn't supply you with enough laughs for the month, the Grandpa will.

If at times Lofton Brown fails to speak, please forgive him—because after all, not every one has an Exclusive Model A like his. School has been heavenly the last week. Why? Because Charlot hasn't been able to talk and laugh. Can you imagine that?

Billy Faye has a terrible time keeping up with her dates; so don't get angry boys, if you don't find her at home! You know how hair-brained girls can be at times.

Isn't it strange what one soda sleet can do for a drug store. The actually hasn't been a place to pal around Inzer's since Wee Will started jerking sodas.

Mrs. C. E. Ball Gives Book Review

Sunday afternoon at a Silver Tea sponsored by the Wesleyan Service Guild in the Methodist church, Mrs. C. E. Ball was presented in a review of the book "The Nazarene" by Scholem Asch.

Mrs. Ball is a pleasing and forceful speaker, and from the first words of her introduction, on through her dramatic interpretation of the book, she held the rapt attention of her audience.

In connection with the book review the following excellent musical program with Miss Edwina Gilbert accompanist, was given: "Sweet Is Thy Mercy," Schubert Music Sextette, "Jesus The Nazarene," Mrs. Farrow, Mrs. Reine, Mr. Brooks and Mr. Caffey, "Hear the Voice of Jesus," Mr. Clyde Smith, "Are Ye Able," Mrs. Farrow, Mrs. Rountree, Mr. Brooks and Mr. Caffey, "He Lifted Me," Mr. and Mrs. Glen Caffey.

For the occasion the church was beautifully decorated with large vases of white and purple iris.

The tea table was covered with a lace cloth and centered with an arrangement of pansies in shades of purple and yellow. Mrs. W. H. Gilbert and Mrs. E. M. Wilson presided at the silver tea services and were assisted by other members of the Guild in serving cakes and mints.

Trece Senoras Club Met For Bridge

An Easter theme was used in decorations in the home of Mrs. M. T. Hudson, Tuesday afternoon when he was hostess to the Trece Senoras Club.

Games of bridge were played in which Mrs. Clinton Barrow and Mrs. Dick Low held high scores. A salad plate with iced tea was served.

Members playing were Meses. Roy Gilbreath, L. H. McBride, Clinton Barrow, Bill Rountree, Raymond Jones, Fred Carpenter, Willard Maberry, Landon Davis, Vera Nobles, and Otis Hopper. Guests were Meses. Q. Martin and Dick Low.

Notice to Garden Club Members

The April meeting of the Hamlin Garden Club takes the form of an Easter breakfast to be served at the Morgan House.

See or telephone Mrs. R. D. Moore for your ticket and do so as quickly as possible. Members who cannot attend the breakfast are expected for the business session at which time reports will be given of the State Garden Club convention at Harlingen and the National Flower Show at Dallas. Tips for the garden will be the response to the roll call for this meeting.

Mrs. F. B. Moore, President
Mrs. J. L. Keen, Cor. Sec'y.

T. E. L. Class Holds Social-Business Meeting

The T. E. L. class of the First Baptist church met Tuesday afternoon in the home of Mrs. Burns Eakin for a social and business meeting with members of group II as hostesses.

Following a devotional given by Mrs. Tom Routh, a business session was held with Mrs. Z. T. Wilson presiding. Officers' and committees' reports were heard and plans for the month's work were made.

During the afternoon members hemmed and embroidered cup towels which were given to the church kitchen.

At the tea hour the hostesses served a glass of colored water and a tooth pick, a reminder of April Fool's day. This was followed by a plate holding delicious ice cream and cake. Those present were Meses. Abernathy, Graham, Cassle, Eckler, May, Routh, Sanford, Caudle, Carmichael, Wilson, Eakin, Hines, Sellers, Howard, Richardson and Wilkerson.

Mrs. B. E. Stone Club Hostess

The Friendly Neighbors quilting club met on Wednesday, April 2nd, with Mrs. B. E. Stone as hostess. Ten members were present for a covered dish luncheon, and Mrs.

Ralph Riddle was an afternoon visitor.

One quilt was completed and another one nearly finished. The next meeting will be in the home of Mrs. Earl Whaley on Wednesday, April 9th, with Mrs. Audry Hodnett as co-hostess.

Mrs. Carl Greenway Held Open House For Her Father

Last Friday, March 28 was the 76th birthday for J. D. McClaran, of Weinert, the father of Mrs. Carl Greenway, Mrs. W. R. Wilkerson and Mrs. Andy Dixon, of Hamlin.

Sunday afternoon from 2 to 3:30 Mrs. Greenway was assisted by her sisters in an open house and tea in honor of their father. Especially were the older citizens of Hamlin and this part of the country invited to meet Mr. McClaran, who for many years was a leading citizen and farmer in Jones County.

In recent years Mr. McClaran's health has not been so good, but still he retains his robust and rugged western spirit and bearing. The chance to meet his old friends and neighbors thrilled his heart to overflowing.

Centering the tea table was a large birthday cake, bearing 76 small pink lighted candles upon a reflector surrounded with ferns and sweet peas. Tea was poured by Misses Lennie Greenway and Camille Smyers with Mrs. Ross Fomby assisting in serving.

The guest register was in charge of Mrs. Sallie Godecke, sister of Mr. Greenway, and the following names were recorded: Mr. and Mrs. O. L. Jenkins, Mr. and Mrs. R. L. Harris, Mrs. C. J. Whitaker, Mr. and Mrs. David Whitaker, Mr. and Mrs. Elbert Fomby and son, Mr. and Mrs. Robert S. Johnson, Mr. and Mrs. A. M. Downey, Mr. and Mrs. J. W. Fomby, Mr. and Mrs. Ross Fomby, Mr. and Mrs. J. W. Ezell, Guy Greenway, Mr. and Mrs. Bowen Pope, Mr. and Mrs. W. L. Fletcher, Mr. and Mrs. H. O. Cassle, Mrs. R. M. Hudson, Mr. and Mrs. George Malouf and daughter, Angela, Mr. and Mrs. C. P. Amereson, John D. Ferguson, Mr. and Mrs. Dave M. Harris, Mrs. E. A. Isbill, Mr. and Mrs. McWright, Mr. and Mrs. S. D. McMahon, A. S. Joiner, Mr. and Mrs. Johnnie Agnew and daughters, H. E. East, Mr. and Mrs. M. C. Wilson, Mr. and Mrs. O. K. Wilson, Mr. and Mrs. Fed H. Britton, J. T. Johnson, Mr. and Mrs. I. J. Dixon, Mr. and Mrs. D. L. Bristow, Mr. and Mrs. W. S. Greenway, Mr. and Mrs. Roscoe Greenway, Mrs. Sallie Godecke, Lennie Greenway, W. N. Temple, Mr. and Mrs. M. P. May, Mrs. Vera Nobles, Camille Smyers, Mrs. Will Gay, Mr. and Mrs. A. F. Dixon and daughter, Adell, Mrs. J. L. Keen, Will Link, of Aspermont, Jerry McClaran and daughter Edith of Winters and Forrest Greenway.

Mr. and Mrs. Rountree Entertained Club

Mr. and Mrs. Bill Rountree entertained the Hoot Owl Club in their home Thursday evening, with three tables of bridge. High scores were made by Mrs. Rountree and Clinton Barrow.

Following the games a salad plate with iced tea was served to Messrs. and Meses. Roy Gilbreath, Bob Barrow, Grogan Turner, Joe Culbertson, Clinton Barrow and the host and hostess.

"Build-Up" Relief Explained to Women

A simple method has saved many women a lot of suffering! It is based on the fact that headaches, nervousness, cramp-like pain are often symptoms of functional dysmenorrhea due to malnutrition.

Help for this condition so often follows the use of CARDUI, because it usually increases the appetite and the flow of gastric juice; thus aids digestion and helps build physical resistance. Usual result is less periodic distress.

Many who take CARDUI a few days before and during "the time" have found this helps ease periodic discomfort. Women have used CARDUI for more than 50 years!

Texas wildlife resources are valued at approximately \$93,000,000 annually.

BAPTIST CHURCH

Shall we enter into the city-wide campaign to make April GO TO CHURCH MONTH? The Ministerial Alliance of Hamlin is urging such a movement, and the plan is to ask the members of the various churches to attend both the morning and evening worship services every Sunday during this month. Will Baptists fall down? No! You will co-operate splendidly. You have in every movement for good, and you will this time.

So, we are looking for a full house Sunday. As Sunday is Palm Sunday, we will bring a special message for the occasion. The subject Sunday morning will be, "The March of the Triumphant Christ." This message is designed to give courage to those who may be discouraged, and comfort to those who may be bowed down in sorrow. We urge every Baptist to be present in all the services Sunday. We are beginning a new quarter in Sunday School and Training Union. We are asking for 325 in Sunday School and 100 in Training Union.

Of course, you will not forget our revival meeting which begins on Easter Sunday. Rev. Phillip McGahey will be our evangelist. He is the successful pastor of the First Baptist church of Breckenridge, has led in many successful revivals in other places, and will no doubt come to Hamlin with spiritual messages that will be for the upbuilding of the whole community. Our own choir leader, Mr. Clyde Smith, will have charge of the music. He will be assisted by the choir and our regular pianists.

Change in time for evening services: New time: Training Union at 7:00. Evening Service at 8:00.

H. E. East, Pastor

CHURCH OF CHRIST

A Swarm of "Be's" for Everybody:

Be a cheerful giver. 2 Cor. 9:7.
Be steadfast in prayer. Col. 4:2.
Be friendly and helpful. Gal. 6:2.
Be worshipful and reverent. Jno. 4:24.

Be a daily Bible reader, Ac. 17:11
Be a doer of that which is good. Gal. 6:10.

Be a visitor to those in need. James 1:27.

Be a regular attendant at services. He. 10:25.

And we would like for you to Be Our Friends, and visit us at the Church of Christ.

Minister, Luther G. Savage

METHODIST CHURCH

JAMES E. HARRELL, Pastor

Sunday School, 9:45 A. M.
Morning Worship, 10:50.
Intermediates, 6:45 P. M.
Young People, 6:45 P. M.
Evening Service, 7:30.

Woman's Society of Christian Service, Monday afternoon at 3:00
The Young People's Union Meeting will be held at Rotan Tuesday night, April 8th, at 7:30.

Sunday is Palm Sunday and the Pastor's message is to be: "Palm Tree Christians." The Lord's Supper will be observed with a Communion Service. Special music will be rendered.

The sermon subject for the evening service is, "The Sins That Killed Jesus." You will want to hear the pastor's very plain discussion of the sins that put Jesus to death.

Our goal for the month of April is to have every member of the church in every service on Sunday, morning and evening. Help us make this possible by being in church Sunday morning and Sunday evening all through April. Start next Sunday.

Visitors are welcome in every service. You'll feel at home in our church. Come and see. We welcome you!

A. G. Arnett of Springfield, Mo., was here this week visiting with old friends in Merkel. Mr. Arnett is the first carpenter to ever build a home in Hamlin.

C. J. Adkins, a teacher in the Brownwood Junior High School, spent the week end here with his sister, Mrs. Delma Shelburne and other relatives.

Mrs. A. R. Edwards of Dallas is spending the week here with her parents, Dr. and Mrs. J. T. Bynum. Mrs. Edwards has been in ill health for some time, but she is showing much improvement.

The Herald anywhere, 1 yr. \$1.00.

POT SHOTS FROM McCAULEY

BY GEO. DARDEN

McCauley has a number on the sick list the past week and the flu is still in the air. Those sick are C. D. Jones, Alf Hemphill, Bill Wicker, Mary Ann McCollum and possibly others that we don't know about.

Mrs. Rod Brown and little son Don Poe of Neinda spent Sunday afternoon with the Geo. Dardens.

Grandmother Brown, mother of L. N. Brown and Mrs. C. D. Jones, has been very ill in an Abilene hospital but we understand she is better and will be home within the next few days.

Bro. C. E. Dick preached to a large crowd at the Baptist church Sunday and there were ninety-four in Sunday school. This was the largest number at Sunday school in many moons. The goal is set for one hundred for next Sunday, and from the way things look, McCauley folks are going to start back to Sunday School.

Never have we had better prospects for a crop; with a wonderful season in the ground and with just a little rain, this community will likely make a bumper crop.

J. M. Humphries has added a complete line of school supplies and toilet goods in connection with his barber shop and he tells us business is better than it's been in many months.

Due to the fact that the writer is employed at Camp Barkeley, the Darden Cafe is for sale or lease, and as there is no other cafe in town, it might pay you to investigate if you are looking for a location.

We hope to have more oil news to report at an early date, and so far we have two good wells in this community.

Mr. and Mrs. Charlie Eivens, Mr. and Mrs. Ellis Eivens, visited Granville Dean Sunday. Granville is recovering from a car wreck in a Sweetwater hospital.

Mrs. W. C. Jackson spent last week with her daughter, Mrs. Raymond Tanner at Dumas, Texas.

We understand that Omar Burleson, former county Judge of Jones County, has a job in Washington, D. C., as secretary to our Congress, man, Sam Russell, and we feel that Mr. Russell couldn't have done better in selecting a secretary.

The other day we talked with a friend who had just returned from a trip to Washington, D. C., and he tells us that the Capital is really on a boom and it was almost impossible to find living quarters in that city.

It is likely that Camp Barkeley will get an extension, such as a cold storage plant, a laundry, more warehouses, and possibly other needed buildings.

Della Griffin, little daughter of Mr. and Mrs. Lawrence Griffin, has been real sick with pneumonia, but is reported as improved.

Louis Maberry and Mrs. Morgan Hendrickson who were hurt in a car wreck last week, are reported to be improving in a Rotan hospital.

O-O-O-O

Good old Uncle Sam pulled a fast one on the dictators when he took over sixty-six ships belonging to Italy, Germany and Denmark. There is one thing certain, the United States government doesn't mean for Hitler to get the jump on us as he did other nations. We are living in a machine age, and a fast age at that. Men and machines do things in a hurry and it looks like our navy is on the job. Actions speak louder than words and that's why our government will not be caught napping. To date, it looks as if Hitler has led his ducks to a dry pond as far as the Balkans is concerned, and we glory in the spunk of the little nations who have the nerve to defy such birds as Hitler and his gang of cut-throats.

A DARDEN-O-GRAM

Texas is first in wildlife resources, first in area, and fifth in population, but ranks 23rd among the states in the amount of money provided for wildlife conservation. Conservation funds come mainly from hunting and fishing licenses. Under the present law, resident hunting and fishing licenses are required in only 21 of the 254 counties in the state.

Fish distribution is carried on more efficiently than in former years, resulting in the survival of more young fish that have been planted. Three aquatic biologists now assist in the scientific analysis of waters to determine if adequate food and cover are present, before fish are released. Much stream and lake improvement work has been done by these biologists, who were employed last year when the Legislature made available funds for hiring them. Much additional progress is expected from this scientific fish production and distribution program, which in Texas is now still in its infancy.

Texas was among the first states in the nation to qualify for Federal aid in game management work, the Federal government furnishing a maximum of \$150,000 annually which was to be matched by the state in the ratio of 1 to 3. Work was started in 1938, when the Department launched a five-year research and demonstration program dealing with game, the first of its kind attempted in the United States with these Federal funds, which were made available by the passage of the Pittman-Robertson Act. The program is still in progress, with 26 technically trained biologists in the field studying the life habits of Texas wildlife and recommending and putting into effect measures that will increase the supply of game birds and game animals.

The HERALD has all kinds of **COPY SHEETS** for sale.

A total of approximately 600 local applications of game and fish laws often confuse the sportsmen. These laws are passed by the Legislature, for in Texas the Game Department has not been delegated the duties of fixing open seasons and bag limits. To enforce this great number of laws the Department is allowed to employ only 80 full-time Game Wardens, and each has to patrol from two to six counties.

Need Laxative? Take All-Vegetable One

Don't let impatience lead you into harsh measures for the relief of constipation!

There's no use, for a little spicy, all-vegetable **BLACK-DRAUGHT**, taken by simple directions, will gently persuade your bowels.

Taken at bedtime, it generally allows time for a good night's rest. Morning usually brings punctual, satisfying relief from constipation and its symptoms such as headaches, biliousness, sour stomach, no appetite or energy.

BLACK-DRAUGHT'S main ingredient is an "intestinal tonic-laxative" which helps tone intestinal muscles. 25 to 40 doses, only 25c.

Distribution of game from regions having a surplus to other parts of the state where the supply has been depleted, is one of the major functions of the Game Department. Last year 20,400 bobwhite quail 420 white-tailed deer, 551 wild turkeys and 40 beaver were thus distributed. In addition, many antelope were trapped in West Texas—in fact a total of 775 of these animals have been trapped and removed to better ranges over West Texas in the last three years. If these operations continue to be successful the day may come within a few years when it will be possible to have a restricted open season on antelope.

"Man Aged 94

walks to town most every day" says Oklahoma druggist. "Used **ADLERIK** last 15 years." **ADLERIK** contains 3 laxatives for quick bowel action, with 5 carminatives to relieve gas pains. Get **ADLERIK** today. **Waggoner Drug Company** and **Inzer Pharmacy**

They Rode By Rail

Last January, the railroads gave a superb example of the efficiency of their service. This example was not a prepared stunt—it was made in the ordinary course of business.

During that month, the railroads transported 207,000 members of our military forces without the slightest difficulty or interference with other traffic. More than 132,000 of these men were transported on 385 special trains. The remainder rode on regular trains.

To handle this unusual passenger traffic required 633 routings. These were made by the individual railroads involved, in co-operation with the Military Transportation Section of the Association of American Railroads. This Section was created last August to maintain close liaison between the military forces and the railroads of the country. Not only does it direct the movement of mil-

itary personnel, but it also supervises the movement of supplies and materials for the huge military construction projects now underway in almost all parts of the nation.

In past periods, the railroads have demonstrated their ability to handle extraordinary quantities of freight without delay, confusion, or car shortages, and now they've proved an equal degree of efficiency in expediting the transportation of passengers. No industry is better prepared to meet the emergency demands of the time. And that preparation wasn't due to luck. It was the result of years of steady work

in preparing for just such an abnormal period as we are experiencing today. Long before anyone was thinking of war abroad and unprecedented defense at home, the railroads were getting ready.

This industry exemplifies private enterprise at its very best. And right now it is quietly and efficiently performing one of the biggest and most vital jobs in its long and colorful history.
